

## THE NEW DEODORANT

*The Woods Blend*

*With Frankincense & Sandalwood*

### RULE YOUR WORLD

The wait is over! Our highly anticipated deodorant is finally here and, ahem, it does not disappoint. Available in two aromatically intoxicating blends to help you conquer your every day.

The NEW Deodorant is an enzyme-based deodorant that breaks down odor-causing bacteria, while supporting your body's lymphatic and natural detoxification process! Not just any ol' blend of essential oils. It is specifically formulated to slay B.O. like Joan of Arc. Rule your world with confidence and exquisite pits.

Here's the real truth: You can splash all the oils on your pitties all day every day, and it won't work. Ask us how we know. It takes the perfect blend, in perfect balance, to overcome odors such as these.

Unlike your traditional solid, powder, or spray that simply masks body odor or, heaven forbid, stops perspiration all together, the NEW deodorant is an innovative founder formulation with natural, farm-crafted ingredients that do all the things you want a good deodorant to do without all the grossness. No toxins, no irritation, no epic body odor fails. Only good things.
